Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 04 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and showers turning heavy further north.

Today:
Sunny spells and showers throughout. These showers will be slow-moving and will become heavy and thundery by the afternoon across the north. Feeling warm in the sunshine in between showers, with light winds. Maximum temperature 22 deg C (72 deg F).

Tonight:
Remaining showers will ease into the evening leaving clear skies. Some mist and fog patches could develop in the west overnight but will clear by morning. Minimum temperature 12 deg C (54 deg F).

Thursday:
A band of showers will move in affecting all areas throughout the day. These showers will be locally heavy, with strong winds especially along coastal areas. Maximum temperature 20 deg C (68 deg F).

Outlook for Friday to Sunday:
Persistent heavy, possibly torrential, showers continue into Friday. Saturday remains unsettled with heavy showers in the early hours reducing throughout the day. Sunny spells and scattered showers on Sunday.
